## Disability

We would also like to know if any of your students have a disability of any kind. Examples include:

- Hearing impairment
- Visual impairment
- Severe dyslexia
- Physical disability

This is not an exhaustive list so please provide details as appropriate.

## Data protection statement

All information that you provide will be held on the British Science Association CREST database, accessible to your local coordinator and staff in the Young People's Programme at the British Science Association. The data will be used only for reporting on the impact of British Science Association CREST to our funders, including the Department for Children, Schools and Families, and directors.

CREST is designed to be inclusive of all abilities and backgrounds. We require student data to effectively evaluate who is currently engaged in the scheme and who is not. Following this evaluation, appropriate strategies will be implemented to ensure that CREST is all inclusive.

**Reports will not contain student names; student details will not be passed to any other body.**

If you would like to discuss the above statement, please contact the British Science Association's Head Office. Providing student details is optional although names are required for certificates.

**Many thanks for taking the time to help us collect this data.**
